

CDP Virtual Training Opportunities Florida Healthcare Coalition July-August-September 2026

- You **must** have a FEMA SID before applying for a course.
- To register for a FEMA SID number, go to: <https://cdp.dhs.gov/FEMASID> and click “Register for FEMA SID” or “Forgot FEMA SID”
 - If you encounter any issues, please contact the FEMA SID help desk at: femasidhelp@cdpemail.dhs.gov
- Registering for a FEMA SID number **does not** register you for a class
 - All students **must** register using the links below
 - If you encounter any problems registering, please contact VILT Support at: VILTSupport@cdpemail.dhs.gov

Hospital Incident Command System (HCV7)

Introduction to the National Incident Management System and the National Response Framework. Explores the Hospital Incident Command System as a methodology for effectively applying the incident command system in a healthcare environment. The Hospital Incident Command System is discussed as it pertains to improving emergency management planning, response, and recovery capabilities for both planned and unplanned health and medical emergencies.

Healthcare Facility Patient Evacuation Planning and Preparedness (HCV12)

The Healthcare Facility Patient Evacuation Planning and Preparedness virtual healthcare topic imparts knowledge and lessons learned in the planning and execution of evacuating a healthcare facility in preparation for, during, or after a disaster or emergency to class participants. Students review essential components of an evacuation plan from conducting a hazard vulnerability assessment through recovery and repatriation of the facility with real world examples. Students leave the course with the knowledge to evaluate and revise their facility’s evacuation plan.
